MICHAEL STRAPEC

JUDGE

Ireland

I was born in Dolny Kubin in Slovakia but living in Ireland since 2006.. Here I made my first photography steps around 2012..

In 2016 I decided to join local photography club to meet people with same interests and also tried to improve my photography skills..

I opened the right door.. The door into the world of art photography! I decided to go my own way and create my own style.. I love fine art and creative portrait photography..

That's my passion, my obsession! I love images with feeling and emotion. Images with the soul..

In salons and exhibitions I've been awarded the Irish Photographic Federation and SACC photographer of the year 2020 in Ireland..

One of the biggest success was to win the first place in Mental health International exhibition of photography in Iran in 2021.. Where one of my images took the first place out of 30,000 images..

Also I've been awarded several times with the FIAP blue pin for the best author.. And that's always amazing achievement for me..

JUDGE

India

Born in 1979, Udayan Sankar Pal grew up in Canning (WB, India), the gateway of the Sunderbans. He has been dabbling with photography since he was 13 years old. Hailing from a village himself, his eyes are drawn towards those elements that he can identify with, that are hidden from a city dweller. He has honed his skills over the span of 29 years and has received over 5000 awards including 600+ Salon Awards with 6000+ acceptances from 100+ Countries so far. Udayan's interest in photography extends to many other aspects beyond just clicking photographs on his own. He has established the only international Archive of Photography Exhibition (APE.net.in) in the world with over 10,000 brochures in his collection right now. He also is an active contributor to magazines and journals where he likes to pen his thoughts about photography and share his knowledge with other like-minded photographers. A respected mentor to budding and amateur photographers, he also has been invited to many events as a thought leader and speaker in the world of photography. He also believes in propagating the art form through various other initiatives such as running photography salons in India, acting as a judge in many national and international salons, running a photographers cooperative under the brand of AvTvISO (AvTvISO.com) & IIG (IndiaInternationalGroup.com), supporting photographers by purchasing prints and building a gallery dedicated to the art called SignedPRINTS, building a world class personal library of rare and iconic books on photography with over 1000 titles painstakingly collected over many years, collecting and curating a well acknowledged collection of postal stamps related to photography and many more such initiatives. He says photography is all about the eye. You either see things or are influenced to see things. Having traveled a long way from the bare feet camera toting village lad to a selective shutterbug and a passionate pursuer of the art of photography in all its forms, he truly website:

believes that photography is his religion. His

JUDGE

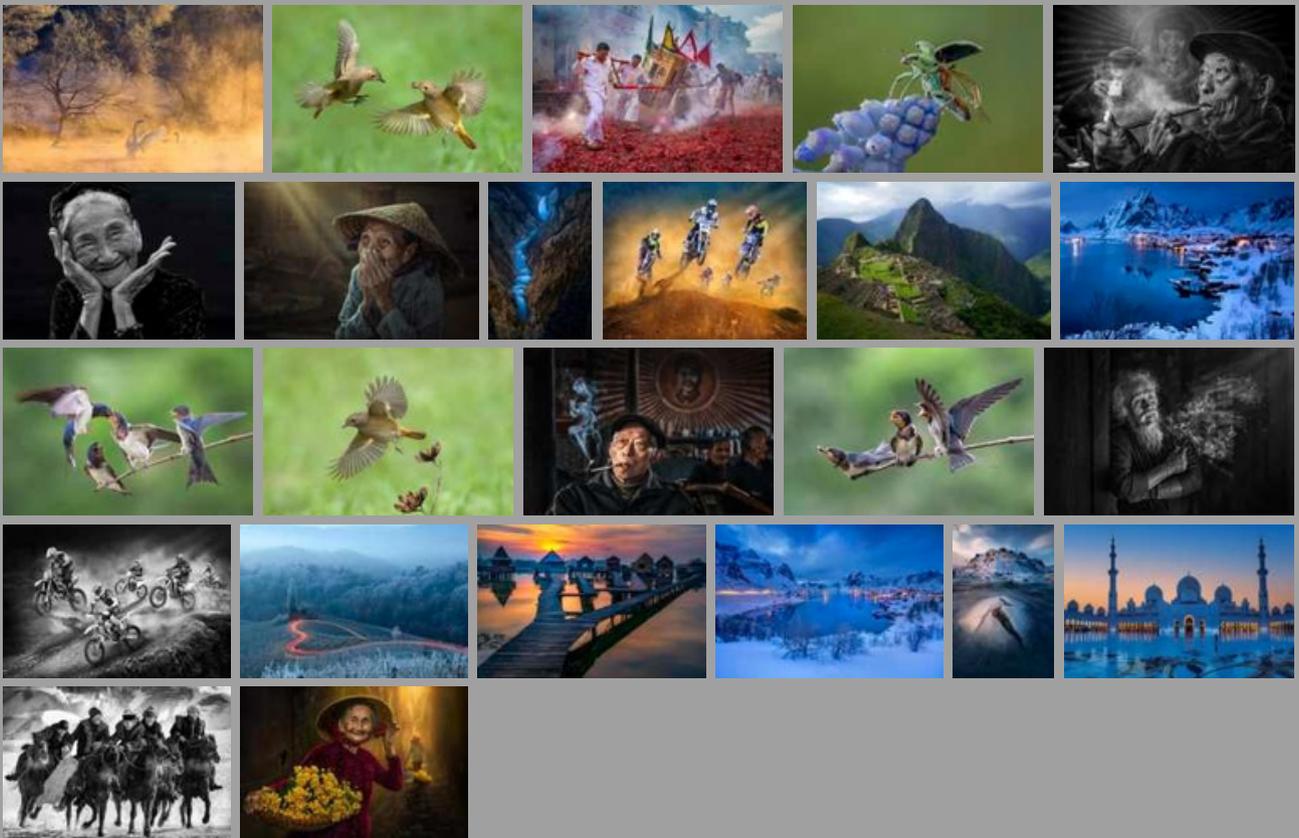

MPSA; RISF5; GPU CR3
Hermes
North Macedonia

Vladimir Jovanovski, MPSA, GPU HERMES, RISF5, was born in 1983. He is a distinguished photographer from Macedonia and the most successful representative of Macedonian photography, having taken part in numerous international exhibitions around the world. He has exhibited his works in 35 countries and as a result, has received over 100 awards and certificates. He was proclaimed by The Photographic Society of Macao as one of the 100 most influential photographers in the world. In 2018, he has received the award for best world photographer from the SSS in Turkey. His biggest successes, according to him, are the projects "The other one hundred" and "On Macedonian photography". He was a member and president of the Photo cinema club "Kozjak" from Kumanovo. Currently he is an active member of Photo club "Kumanovo". He is also the director of Malinski Photo Festival, an honorary member of Image Sans Frontier, Image Colleague Society and the Photo Club "Kragujevac". He is also a representative of PSA, GPU and ISF for the Republic of Macedonia and the current president of IAAP. When it comes to his photographs, he is not a mere recorder of things. He has a sense of the space around him, feeling the light, the ambient and life. He is constantly in search of all these things, confronting inner feelings, transferring them into his photographs. In the last couple of years, his approach has been more thematic.
